## JOINT EXPLANATORY STATEMENT OF THE COMMITTEE OF CONFERENCE

The managers on the part of the House and the Senate at the conference on the disagreeing votes of the two Houses on the amendment of the House to the concurrent resolution (S. Con. Res. 139) revising the congressional budget for the United States Government for the fiscal year 1977, report that the conferees have been unable to agree. This is a technical disagreement, necessitated by the fact that the deficit figure in the substitute language agreed to by the conferees is less than either the House or the Senate provision.

It is the intention of the conferees that the managers on the part of the Senate will offer a motion in the Senate to recede and concur in the House amendment to the Senate-passed resolution with an amendment (in the nature of a substitute) consisting of the language agreed to in conference, and that upon the adoption of such amendment in the Senate the managers on the part of the House will offer a motion in the House to concur therein.

The managers on the part of the House and the Senate submit the following joint statement in explanation of the action agreed upon by the managers:

The substitute language which is to be offered as described above (and which should be considered the language of the concurrent resolution as recommended in the conference report for purposes of section 302(a) of the Congressional Budget Act of 1974)—hereinafter in this statement referred to as the "conference substitute"—is as follows:

*That the Congress hereby determines and declares, pursuant to section 310(a) of the Congressional Budget Act of 1974, that for the fiscal year beginning on October 1, 1976—*

*(1) the recommended level of Federal revenues is \$362,500,000,000, and the amount by which the aggregate level of Federal revenues should be decreased is \$15,300,000,000;*

*The appropriate level of total new budget authority is \$451,550,000,000;*

*(3) the appropriate level of total budget outlays is \$413,100,000,000;*

*(4) the amount of the deficit in the budget which is appropriate in light of economic conditions and all other relevant factors is \$50,600,000,000; and*

*(5) the appropriate level of the public debt is \$700,000,000,000.*

SEC. 2. *Based on allocations of the appropriate level of total new budget authority and of total budget outlays as set forth in paragraphs (2) and (3) of the first section of this resolution, the Congress hereby determines and declares pursuant to section 310(a) of the Congressional Budget Act of 1974 that, for the fiscal year beginning on October 1, 1976, the appropriate level of new budget authority and the estimated budget outlays for each major functional category is as follows:*

## BUDGET AGGREGATES

*Revenues.*—The House resolution provided for Federal revenues in the amount of \$362.500 billion; and to achieve that level it provided that revenues should be decreased by \$15.300 billion. The Senate resolution provided for Federal revenues in the amount of \$362.0 billion; and to achieve that level it provided that revenues should be decreased by \$15.8 billion.

The conference substitute provides for Federal revenues in the amount of \$362.5 billion; and to achieve that level it provides that revenues should be decreased by \$15.3 billion. This revenue level assumes a full fiscal year extension of the temporary tax reductions, first enacted in 1975, at a cost of \$17.3 billion, partially offset by a net increase of \$1.6 billion in revenues from elimination or modification of tax expenditures, and an increase in unemployment compensation taxes of \$400 million to reflect an increase in the taxable wage base effective January 1, 1977.

*Budget authority.*—The House resolution provided for total new budget authority in the amount of \$452.583 billion. The Senate resolution provided for new budget authority in the amount of \$447.5 billion. The conference substitute provides for total new budget authority in the amount of \$451.55 billion.

*Outlays.*—The House resolution provided for total outlays in the amount of \$413.240 billion. The Senate resolution provided for outlays in the amount of \$412.8 billion. The conference substitute provides for total outlays in the amount of \$413.1 billion.

*Deficit.*—The House resolution provided for a budget deficit in the amount of \$50.740 billion. The Senate resolution provided for a deficit in the amount of \$50.8 billion. The conference substitute provides for a budget deficit in the amount of \$50.6 billion.

*Public Debt.*—The House resolution provided for a public debt level of \$700.000 billion. The Senate resolution provided for a public debt level of \$701.0 billion. The conference substitute provides for a public debt level of \$700.0 billion.

## ECONOMIC OBJECTIVES AND ASSUMPTIONS

The fiscal policy contained in the conference report reaffirms the budget priorities in the first budget resolution. Enactment of the legislation assumed in the totals, together with a supportive monetary policy, will move the nation closer to full economic recovery. The economic assumptions underlying the revenue and spending ceilings contained in the conference report are as follows:

[Dollars in billions; calendar years]

Item	1976	1977
Gross national product:		
Current dollars.....	\$1,692	\$1,885
Constant (1972) dollars.....	1,265	1,338
Incomes:		
Personal income.....	1,382	1,542
Wages and salaries.....	893	995
Corporate profits.....	153	177
Unemployment rate:		
Calendar year average.....	7.5	6.5
End of year.....	7.2	6.2
Consumer Price Index.....	5.7	5.3
Interest rate, 3-mo Treasury bills.....	5.3	5.8

## 050: NATIONAL DEFENSE

The Senate resolution provided budget authority of \$112.1 billion and outlays of \$100.7 billion. The House amendment provided budget authority of \$112.086 billion and outlays of \$100.606 billion.

The conference agreement provides budget authority of \$112.1 billion and outlays of \$100.65 billion.

These amounts assume achievement of nearly all the proposed sales of materials from the strategic stockpile and absorption in amounts for pay raises in line with past experience.

## 150: INTERNATIONAL AFFAIRS

The Senate resolution provided budget authority of \$9.1 billion and outlays of \$6.9 billion. The House amendment provided budget authority of \$8.770 billion and outlays of \$6.763 billion.

The conference agreement provides budget authority of \$8.9 billion and outlays of \$6.9 billion.

## 250: GENERAL SCIENCE, SPACE, AND TECHNOLOGY

The Senate resolution provided budget authority of \$4.6 billion and outlays of \$4.5 billion. The House amendment provided budget authority of \$4.595 billion and outlays of \$4.505 billion.

The conference agreement provides budget authority of \$4.6 billion and outlays of \$4.5 billion.

## 300: NATURAL RESOURCES, ENVIRONMENT, AND ENERGY

The Senate resolution provided budget authority of \$18.2 billion and outlays of \$16.0 billion. The House amendment provided budget authority of \$17.923 billion and outlays of \$16.227 billion.

The conference agreement provides budget authority of \$18.2 billion and outlays of \$16.2 billion.

The conferees, without prejudice, have not assumed any budget authority in this function for the proposed Nuclear Fuel Assurance Act because the budgetary impact of this bill is impossible to determine at this time. Should the authorization and subsequent appropriation be adopted, they will result in budget authority and the Budget Committees would consider the possibility of a Third Budget Resolution to cover this requirement, taking account of the total budgetary situation at that time.

## 350: AGRICULTURE

The Senate resolution provided budget authority of \$1.6 billion and outlays of \$2.0 billion. The House amendment provided budget authority of \$2.317 billion and outlays of \$2.239 billion.

The conference agreement provides budget authority of \$2.1 billion and outlays of \$2.2 billion.

The increase over the Senate level in budget authority in the conference substitute was provided for net realized losses of the Commodity Credit Corporation and the increase over the Senate level in outlays was provided for the short-term export credits program.

## 400: COMMERCE AND TRANSPORTATION

The Senate Resolution provided budget authority of \$15.2 billion and outlays of \$17.4 billion. The House amendment provided budget authority of \$17.699 billion and outlays of \$16.984 billion.

The conference agreement provides budget authority of \$17.2 billion and outlays of \$17.4 billion. The managers assume that these totals include \$2 billion in budget authority for the Emergency Mortgage Purchase Assistance program of the Government National Mortgage Association, and \$0.5 billion in both budget authority and outlays for an additional payment to the Postal Service.

## 450: COMMUNITY AND REGIONAL DEVELOPMENT

The Senate resolution provided \$7.5 billion in budget authority and \$9.0 billion in outlays. The House amendment provided \$9.584 billion in budget authority and \$9.078 billion in outlays.

The conference agreement provides \$9.55 billion in budget authority and \$9.05 billion in outlays. It assumes that the Public Works Employment Act will be fully funded in Fiscal Year 1977. Should the pending Public Works Employment Appropriation bill be enacted during the Transition Quarter, \$2.0 billion in budget authority assumed for fiscal 1977 in this budget resolution would not be required since it would have been charged to the Transition Quarter. If this occurs, the conferees believe that the \$2.0 billion in budget authority should not be used for any other purpose in Fiscal Year 1977.

## 500: EDUCATION, TRAINING, EMPLOYMENT, AND SOCIAL SERVICES

The Senate resolution provided budget authority of \$24.0 billion and outlays of \$22.3 billion. The House amendment provided budget authority of \$23.884 billion and outlays of \$22.187 billion.

The conference agreement provides budget authority of \$24.0 billion and outlays of \$22.2 billion.

## 550: HEALTH

The Senate resolution provided budget authority of \$40.5 billion and outlays of \$38.8 billion. The House amendment provided budget authority of \$40.527 billion and outlays of \$38.960 billion.

The conference agreement provides budget authority of \$40.5 billion and outlays of \$38.9 billion.

## 600: INCOME SECURITY

The Senate resolution provided \$156.2 billion in budget authority and \$137.3 billion in outlays. The House amendment provided budget authority of \$155.872 billion and outlays of \$137.000 billion.

The conference agreement provides \$155.9 billion in budget authority and \$137.2 billion in outlays.

It provides \$0.2 billion in outlays over the amounts in the House resolution due to a re-estimate of current policy costs for unemployment compensation. The estimates assume elimination of the one percent kicker. They also assume enactment of the Supplemental Security Income (SSI) Amendments (H.R. 8911) and the extension of Special Unemployment Assistance (SUA).

## 700: VETERANS BENEFITS AND SERVICES

The Senate resolution provided budget authority of \$20.3 billion and outlays of \$19.5 billion. The House amendment provided budget authority of \$20.323 billion and outlays of \$19.539 billion.

The conference agreement provides budget authority of \$20.3 billion and outlays of \$19.5 billion.

## 750: LAW ENFORCEMENT AND JUSTICE

The Senate resolution provided budget authority of \$3.5 billion and outlays of \$3.6 billion. The House amendment provided budget authority of \$3.490 billion and outlays of \$3.571 billion.

The conference agreement provides budget authority of \$39.6 billion and outlays of \$39.6 billion.

## ALLOWANCES

The Senate resolution provided budget authority of \$0.7 billion and outlays of \$0.8 billion. The House amendment provided budget authority of \$0.860 billion and outlays of \$0.910 billion.

The conference agreement provides budget authority of \$0.7 billion and outlays of \$0.8 billion.

The agreement assumes absorption in amounts for pay raises in line with past experience.

## 950 : UNDISTRIBUTED OFFSETTING RECEIPTS

The Senate resolution provided budget authority of -\$16.8 billion and outlays of -\$16.8 billion. The House amendment provided budget authority of -\$16.920 billion and outlays of -\$16.920 billion.
